👛 Professional Experience

Architect, Al-Yousser for Engineering upgrade Co.

2019 – 2021

Worked as an Architect for one year, contributing to the development and design of residential and commercial projects from concept to execution. Assisted in preparing architectural and detailed drawings, and coordinated with multidisciplinary teams to ensure project requirements were met efficiently and with high quality. Gained practical experience in monitoring project progress and adhering to timelines, with the ability to effectively solve design-related challenges. Additionally, developed strong skills in client communication, understanding their needs, and translating them into practical and innovative design solutions

Damascus

interior design, AL-kher company

2021 – 2024

Designed and developed residential and commercial interiors from concept to completion, collaborating closely with clients to understand their vision, needs, and functional requirements. Prepared detailed floor plans, elevations, and material specifications, while coordinating with contractors, vendors, and multidisciplinary teams to ensure seamless project execution. Successfully delivered multiple projects on time, implementing space optimization solutions that enhanced usability and flow. Recognized for creativity, attention to detail, and ability to translate client ideas into practical, high-quality interiors that exceeded expectations
