

LABEEB NATHER ALASWAD

Architectural & Interior Designer

CONTACT INFORMATION

Email: labebalaswad@gmail.com
phone : 00963956531386
location: Damascus , syria
Date of Birth: February 1, 1998
Language Level: Advanced English
Years of Experience: 5 Years

PROFESSIONAL SUMMARY

Experienced Architectural and Interior Designer with 3 years of professional expertise in 3D modeling, photorealistic rendering, and technical documentation. Specialized in complex large-scale projects including heritage site documentation and architectural conservation. Proficient in industry-standard design software including 3ds Max, Corona Render, AutoCAD, and AI-assisted visualization tools. Strong capability in developing innovative design concepts, producing high-quality visual presentations, and integrating AI tools into design workflows for enhanced productivity. Unique expertise in architectural documentation of sensitive religious and archaeological sites, including the Al-Kitiib Cemetery—the world's second-largest cemetery containing significant Islamic historical landmarks.

CORE COMPETENCIES

Design & 3D Modeling:

- 3D Architectural Modeling (3ds Max)
- Photorealistic Rendering (Corona Render)
- Technical Drawings & Documentation (AutoCAD)
- Interior Scene Preparation & Styling
- AI-Assisted Rendering (Lumion, AI Rendering Tools)

Specialized Skills:

- Architectural Heritage Documentation
- Religious & Archaeological Site Survey
- Large-Scale Project Management
- Design Concept Development
- High-Quality Visual Presentations
- Cultural & Religious Sensitivity in Heritage Work

Professional Qualifications:

- Project Management Certification

- Archaeological/Heritage Site Documentation
 - Field Survey & Architectural Recording
-

PROFESSIONAL EXPERIENCE

Architectural & Interior Design Consultant

Al-Dandashi Foundation | Homs, Syria

Duration: 1 Year

Project: Al-Kitiib Cemetery Documentation & Development Project

Project Overview:

Served as Design Lead and Executive Project Manager for the comprehensive architectural documentation and development of Al-Kitiib Cemetery, the world's second-largest cemetery (18 hectares) containing significant historical Islamic landmarks and companions' (Sahaba) burial sites.

Key Responsibilities & Achievements:

- Conducted comprehensive field surveys and architectural documentation of a sensitive 18-hectare archaeological site
- Prepared precise technical drawings and documented historical elements with high accuracy
- Managed full project lifecycle from initial design phase through supervision and final implementation
- Maintained cultural and religious sensitivity standards while documenting sites containing sacred Islamic monuments and historical graves
- Collaborated with local teams to preserve architectural identity and heritage value of the location
- Developed detailed architectural plans and 3D visualizations for stakeholder presentation
- Ensured compliance with heritage conservation standards and cultural preservation protocols

Technical Deliverables:

- Master site plans and architectural layouts
 - 3D modeling and visualization of heritage structures
 - Technical construction documentation
 - Historical element recording and analysis
-

Design Training & Internship

FL Design Office

Duration: Training Period

Focus: Architectural Design Fundamentals, 3D Modeling, Technical Drawing

Skills Developed:

- AutoCAD technical drawing and documentation
- 3D modeling principles and execution
- Design visualization and presentation techniques

- Professional design work ow and standards
-

Freelance Architectural & Interior Designer

Self-Employed
Ongoing

Providing specialized design services including:

- 3D architectural visualization and rendering
 - Interior design concepts and technical drawings
 - Heritage site documentation
 - High-quality rendering and visualization for clients
 - Project consulting and design development
-

EDUCATION

Bachelor's Degree - Architecture/Design
University of Al-Wadi
Graduation: 2023 Class

Professional Certi cation:

- Project Management Certi cate
-

TECHNICAL PROFICIENCIES

Software Expertise:

- 3D Modeling&Visualization: 3ds Max, Lumion
- Rendering: Corona Render, AI Rendering Tools
- Technical Drawing: AutoCAD
- Design & Graphics: Adobe Illustrator, Adobe Photoshop
- Emerging Tools: AI-Assisted Design & Visualization

Hardware Experience:

- Workstation optimization for 3D design
 - Rendering farm management
 - Hardware-software integration for design work ows
-

SPECIALIZED EXPERTISE

Architectural Heritage Documentation

Al-Kitiib Cemetery Project – Religious/Archaeological Site

Project Signi cance:

Documentation and development of one of the world's most signi cant Islamic cemetery complexes, featuring:

- Historical Islamic monuments and structures
- Burial sites of companions (Sahaba) of the Prophet Muhammad
- 18-hectare protected archaeological area
- Sensitive cultural and religious importance

Methodologies Applied:

- Field survey techniques for archaeological sites
- Precision architectural documentation and recording
- Heritage conservation-aligned design approaches
- Cultural sensitivity protocols for sacred sites
- Collaboration with stakeholders and local authorities
- Integration of modern 3D technology with traditional heritage documentation

Professional Standards Maintained:

- Religious and cultural sensitivity in documentation
- Preservation of architectural heritage identity
- Accurate historical element recording
- Compliance with international heritage conservation standards
- Respectful engagement with sacred and historical sites

LANGUAGES

- Arabic: Native Fluency
- English: Advanced Proficiency

KEY STRENGTHS

- ✓ Expertise in heritage and archaeological site documentation
- ✓ Advanced 3D modeling and photorealistic rendering capabilities
- ✓ Strong project management and execution skills
- ✓ Proficiency in integrating AI tools into design workflows
- ✓ Demonstrated ability to work on large-scale, complex projects
- ✓ Cultural and religious sensitivity in sensitive site documentation
- ✓ Excellent technical drawing and documentation skills
- ✓ Strong communication and collaborative abilities
- ✓ Innovative design concept development
- ✓ Quality-focused approach to visual presentations
