EDUCATION

Damascus University – Faculty of Architecture

Expected Graduation: 2022-2025

– Focus: Architectural design, building materials, interior decoration, building engineering, landscape design, architectural facades.

– Graduation Project: Residential apartment complex with integrated interior design and sustainable garden coordination

EXPERIENCES

External and internal landscape planning [gardens] 2023-2025

My duties were summarized in design and planning work. Coordination of wonderful garden events.

- I landscaped an outdoor garden (Damascus).
- I worked online with clients in the Emirates (My tasks were landscaping an indoor garden for a villa).

Graphic design and interior design: 2024

My duties include designing and promoting products. Edit editorial photos for clients, magazines and advertisements. Organizing files and designing publications. I managed social media pages in (Kuwait).

A group of joint volunteer work: 2024-2025

I worked in several workshops, including:

A workshop entitled: Rehabilitation of the Sheikh Muhyiddin Axis in Damascus (Optics Workshop in Damascus).
