## PROFESSIONAL SUMMARY

Architect and Interior Designer with 6 years of professional experience in architectural design, interior design, exterior façade development, and high-end 3D visualization. Successfully delivered residential, commercial, hospitality, and recreational projects across Saudi Arabia, Kuwait, Oman, and the United Arab Emirates. Highly skilled in transforming concepts into innovative, functional, and aesthetically refined spaces while maintaining exceptional technical standards and client satisfaction.

## PROFESSIONAL EXPERIENCE

- Collaborated with OZ Interior Designs on residential, commercial, hospitality, and interior design projects.
- Worked with Qimmah Town – Virtual Reality Experts (Jeddah, Saudi Arabia) in architectural visualization and immersive presentation solutions.
- Contributed to projects with Mohammad Khaled Alraish Construction Company (Kuwait), supporting architectural design development, visualization, and project presentation requirements.
- Successfully participated in the design and visualization of 200+ architectural and interior design projects across residential, commercial, hospitality, and recreational sectors.
- Specialized in luxury villa design, interior environments, façade development, and space planning.
- Produced architectural drawings, technical documentation, photorealistic renderings, and professional presentation packages.

## INTERNATIONAL PROJECT EXPERIENCE

Projects successfully delivered in:

- Saudi Arabia
- Kuwait
- Sultanate of Oman
- United Arab Emirates
